## Residential Product Order Form

|   |            |  |
|---|------------|--|
| Bill to:  | Ship to:   | Order Date:  |
|   |            | Ship Date:   |
|   |            | PO#/Job Reference:   |
| Name, Phone, Email, Fax, Comments & Special Instructions: |            | Ship Via:  |
|   |            | Ship w/Porta Order: YES <input type="checkbox"/> NO <input type="checkbox"/>                               |
|   |            | Credit Card Billing Address same as: "Bill to" <input type="checkbox"/> "Ship to" <input type="checkbox"/> |
|   |            | Other address:   |
| Credit Card #   | Expiration | Security Code  |

| Description   | Part #            | QTY          | Unit Price | Total Price |
|---|-------------------|--------------|------------|-------------|
| Hydraulic Controller 2-4 Stop 3hp   | LEC4M2H2          |              |            |             |
| Hydraulic Controller 2-4 Stop 3hp+Aux Motor Contactor   | LEC4M2H2A         |              |            |             |
| Hydraulic Controller 2-4 Stop 5hp   | LEC4M2H205        |              |            |             |
| Hydraulic Controller 2-4 Stop 5hp+Aux Motor Contactor   | LEC4M2H205A       |              |            |             |
| Single Speed Controller 2-4 Stop 3hp Drum Brake <sup>(1)</sup>  | LEC4M2SSBRK _____ |              |            |             |
| VVVF Controller 2-4 Stop 3hp Drum   | LEC4M2VFBRK _____ |              |            |             |
| VVVF Controller 2-4 Stop 3hp Drum w/Emergency Lowering  | LEC4M2VFEML _____ |              |            |             |
| Complete Single Speed or VVVF part #'s by inserting brake voltages: 110A = 110vac, 230A = 230vac or 24D = 24vdc |                   |              |            |             |
| TKA LEV Controller 2-4 Stop Replacement   | LEC4M2VLEVHW2     |              |            |             |
| Controller Board Only   | LECMHTAL          |              |            |             |
| Programming Tool w/Case   | LECP00LWCS        |              |            |             |
| Selector Kit <sup>(2)</sup>   | LECSELECTOR2KIT   |              |            |             |
| Selector Kit Contents:  | Selector Head     | LECSELECTOR2 |            |             |
|   | Interface PCB     | LECZSELMOUT  |            |             |
|   | Com Cable 6ft     | LEC301506MF  |            |             |
| Selector Mounting Kit   | LECSELMTG         |              |            |             |
| Magnet Set One Stop   | LECMAGSET         |              |            |             |
| Selector Tape 2" Per Foot   | LEC1075X2X020     |              |            |             |
| Limit Switch Only   | LECLIMSWITCH      |              |            |             |
| Limit Switch Kit w/2 Up Final Limits & Mounting   | LECLIMSWKITUFL    |              |            |             |
| Limit Switch Kit w/3 Up Final Limits & Mounting   | LECLIMSWKIT2FL    |              |            |             |
| Car Top Box #1 Basic  | LECCTB1           |              |            |             |
| Car Top Box #2 w/Buzzer   | LECCTB2           |              |            |             |
| Car Top Box #5 w/Buzzer & Interface PCB <sup>(2)</sup>  | LECCTB5           |              |            |             |
| Car Top Box #6 w/Buzzer & Stop Switch   | LECCTB6           |              |            |             |
| Car Top Box #7 w/Buzzer, Interface PCB & Stop Switch <sup>(2)</sup>   | LECCTB7           |              |            |             |
| Hydraulic Pump Motor 3.0 / 4.0 HP 220vac 1ph  | SUBJ0423          |              |            |             |
| Hydraulic Pump; Complete pump part# by inserting ##### for GPM rating   | PMPGR_____ L-HS   |              |            |             |
| 2525=4.2gpm, 2530=4.7gpm, 3235=5.9gpm, 3245=7.1gpm, 3255=8.5gpm, 3275=11gpm                                     |                   |              |            |             |
| Hydraulic 3/4" Control Valve: EV100 4 Coils <sup>(3)</sup>  | EVLEV 100 -75     |              |            |             |
| Hydraulic 3/4" Control Valve: EV10 3 Coils <sup>(3)</sup>   | EVLEV 10 -75      |              |            |             |

|   |              |
|---|--------------|
| <b>Notes:</b>   | <b>Total</b> |
| <sup>(1)</sup> Single Speed Controller; a motor connection diagram is required with your order, if not supplied EMI will not wire the directional contactors. |              |
| <sup>(2)</sup> When ordering car top box #5 or #7 along with a selector, only order the selector head & com cable.  |              |
| <sup>(3)</sup> For proper valve sizing please supply; No Load PSI, Gallons per Minute (GPM) and Solenoid / Coil Voltage: .....                                |              |
| <b>Terms;</b> Freight not included FOB Arlington Heights IL, VISA/MasterCard & AMEX Prices subject to change without notice                                   |              |
